Rav the Mover

I just had to write and let you know how great our move from NH to FL was with you

I had done my homework and was well aware of the "nightmares" that can happen with some moving companies. I knew all the key items to look for in selecting a reputable mover.

After being advised by several people to use one of the "big" national moving companies; and after interviewing and getting estimates from them and you, we chose Rav the Mover with confidence.

Everyone from beginning to end of the move was polite, caring and professional. Starting with Ken Schofield who accurately estimated our move, to Amy Leckman who answered my many questions I would call in with. And most importantly our trailer driver, Bob, and his packers and loaders, at both ends of the trip.

The move flowed smoothly and was uneventful, which is a Good thing in the moving business. It was made in the shorter of the time frame given. I have unpacked everything and there is NOTHING MISSING, NOTHING BROKEN. GOOD JOB!!!

You are a top notch Mover, I will recommend you, and I will use you for again for any future move I have.

Thank you for making what could have been a very stressful time a pleasure

Sincerely,
Sandy
