January 28, 1999

To Whom It May Concern,

It is with great pleasure that I recommend *Ray The Mover*. Over the past eighteen months, the City of Manchester has renovated and refurbished our historic City Hall. During this period, city departments were housed in temporary quarters on Elm Street. Last month we re-opened our beautiful and modern facility with their assistance.

Ray The Mover provided the City of Manchester with that extra special reliability that was needed as we put our City Hall back in order. Let me assure you that this was no small task. It is simply amazing the amount of material that is involved in moving a city government. Needless to say, we were very pleased with the results.

It is without hesitation that I recommend *Ray The Mover*. Anyone who chooses to use their services will not be disappointed.

Sincerely,

Raymond J. Wiczorek
Mayor
