Subject: Our moving experience
Date: Tue, 26 Dec 2006 14:18:47 -0500

I would just like you to know how happy we are that we chose Ray the Mover to move us from New Hampshire to Fort Myers.

We were especially impressed with your two moving crews; one led by "Monie" and the other led by Dave Bacon. They were professional, extremely careful, polite and very accommodating. Both crews showed up at the times that were scheduled with all of the equipment necessary. They were able to answer any questions and help with any problems. We have heard horror stories about other moving companies, but Ray the Mover not only fulfilled our expectations, but went far beyond what we had hoped for considering that we were moving twenty years worth of our household goods.

We also enjoyed doing business with Michelle and Ken. They, too, were professional, highly competent and reliable. They delivered on their promises and that is not something that can be counted on when doing business with other companies.

We are baby boomers and a large number of our friends and family are considering moves from up North to Florida. We have already suggested Ray the Mover to those friends and will continue to sing your praises to anyone who is looking for a mover they can count on.

Have a wonderful holiday and thank you again for employing people like Monie and her staff, Dave and his staff, Ken and Michelle.

Sincerely,

Bob and Donna Evans
