Dear Michele;

RE: Letter of Appreciation for delivery of furniture on July 18, 2007

We would like to express our gratitude to Ray the Mover for storing our furniture for the past eleven years. The two gentlemen who physically moved the furniture, Errol and Bobbie, were very professional, courteous and exhibited extreme care in carrying and placing our furniture in the various rooms. They covered the corners of the doorways and banisters with pads and covered the rugs with runners before starting the unloading. We were impressed with their professional service.

I would be pleased to recommend Ray the Mover and the team of Errol and Bobbie to our friends or at any time I hear of someone moving or storing furniture.

Respectfully,

Clifford Gaw
