Hi Michelle, I wanted to let you know that the crew you sent to our house to do the pack and load was AWESOME! They were so nice and did an unbelievable job, we are very happy with your services... please let them know how much we appreciate all their hard work!

I also thought I should let you know that I have made arrangements to have access to our new house on Friday this week so if they do arrive here in FL a day early we will be able to get in.

Thank you, Teresa
